

Neskowin Community Plan Update

Meetings upcoming in April

The unincorporated village of Neskowin is required by Tillamook County to develop and periodically review a community plan that reflects its values and recommendations for land use and how other government agencies impact our community. In addition the plan reflects any changes in our community that should be recorded for guidance on future decisions that may impact those of us who live and work here.

The Neskowin Community Plan Steering Committee will begin the public portion of this review process by holding meetings in a hybrid format at the Neskowin Beach Golf Course (NBGC) Club House to review the existing Community Plan Values. These Values and the Vision of the community they portray will help determine what revisions may be needed to the current plan

At The General Meeting of the NCAC on April 13 at 10am on Zoom a list of the current value statements will be shared and members will be given an opportunity to respond to each. These responses will help us for the April 17th and April 20 Hybrid Meetings at the NBGC Club House. There is limited capacity at the club house so please RSVP by sending email to info@neskowincac.org.

General Meeting of the NCAC Zoom Meeting
Saturday, April 13 10AM

Community Plan Hybrid Meeting Review existing Value statements
Thursday, April 17 7PM NBGC Club House

Community Plan Hybrid Meeting Review existing Value statements
